BEFORE  
THE PUBLIC SERVICE COMMISSION OF  
SOUTH CAROLINA  
DOCKET NO. 96-280-C - ORDER NO. 97-148  
FEBRUARY 24, 1997

IN RE: Application of Zenex Long Distance, Inc. )  
for a Certificate of Public Convenience ) ORDER  
and Necessity to Provide Intrastate Resale ) APPROVING  
Telecommunications Services within the ) CERTIFICATE  
State of South Carolina. )

This matter comes before the Public Service Commission of South Carolina (the "Commission") by way of the Application of Zenex Long Distance, Inc. ("Zenex" or the "Company") requesting a Certificate of Public Convenience and Necessity authorizing it to operate as a reseller of intrastate interexchange telecommunications services in the State of South Carolina. The Company's Application was filed pursuant to S.C. Code Ann. §58-9-280 (Supp. 1996) and the Regulations of the Public Service Commission of South Carolina.

The Commission's Executive Director instructed Zenex to publish, one time, a prepared Notice of Filing in newspapers of general circulation in the affected areas. The purpose of the Notice of Filing was to inform interested parties of Zenex's Application and of the manner and time in which to file the appropriate pleadings for participation in the proceeding. Zenex complied with this instruction and provided the Commission with

proof of publication of the Notice of Filing. No Petitions to Intervene or letters of protest were received by the Commission regarding Zenex's Application.

A hearing was commenced on February 12, 1997, at 10:30 a.m., in the Commission's Hearing Room. The Honorable Guy Butler, Chairman, presided. Zenex was not represented by counsel. Catherine D. Taylor, Staff Counsel, represented the Commission Staff.

David W. Aduddell, President and COO of Zenex, appeared and offered testimony in support of Zenex's Application. Mr. Aduddell stated that Zenex is an Oklahoma corporation which is registered to do business in South Carolina as a foreign corporation. According to Mr. Aduddell, Zenex proposes to offer long distance services using resold transmission services of carriers certificated to carry traffic in South Carolina. Mr. Aduddell explained the Company's request for authority to provide interexchange telecommunications services in South Carolina as a reseller. The record reveals the Company's services, operations and marketing procedures. With regard to Zenex's offering of a prepaid calling (debit) card, Mr. Aduddell also testified that the Company is aware of this Commission's requirement of a security bond from out-of state resellers offering prepaid calling (debit) cards.

Further, Mr. Aduddell offered that Zenex possesses the technical, financial and managerial abilities to provide its services in South Carolina. The record further reveals that the

Company agreed to make certain changes to its proposed tariff to comply with Commission guidelines and prior Orders.

After full consideration of the applicable law, the Company's Application, and the evidence presented at the hearing, the Commission hereby issues its findings of fact and conclusions of law:

#### FINDINGS OF FACT

1. Zenex is incorporated under the laws of the State of Oklahoma and is licensed to do business as a foreign corporation in the State of South Carolina by the Secretary of State.

2. Zenex operates as a non-facilities based reseller of interexchange services and wishes to provide its services in South Carolina.

3. Zenex has the experience, capability, and financial resources to provide the services as described in its Application.

#### CONCLUSIONS OF LAW

1. Based on the above findings of fact, the Commission determines that a Certificate of Public Convenience and Necessity should be granted to Zenex to provide intrastate interLATA service and to originate and terminate toll traffic within the same LATA, as set forth herein, through the resale of intrastate Wide Area Telecommunications Services (WATS), Message Telecommunications Service (MTS), Foreign Exchange Service, Private Line Service, or any other services authorized for resale by tariffs of carriers approved by the Commission.

2. The Commission adopts a rate design for Zenex for its

resale services which includes only maximum rate levels for each tariff charge. For intrastate interLATA calls utilizing the Company's operator services, Zenex may not impose a fixed operator charge more than the intrastate operator charges then currently approved for AT&T Communications, and for the usage portion of the call, Zenex may not charge more than the intrastate rates charged by AT&T Communications at the time such call is completed. A rate structure incorporating maximum rate levels with the flexibility for adjustment below the maximum rate levels has been previously adopted by the Commission. In Re: Application of GTE Sprint Communications Corporation, etc., Order No. 84-622, issued in Docket No. 84-10-C (August 2, 1984).

3. Zenex shall not adjust its rates below the approved maximum level without notice to the Commission and to the public. Zenex shall file its proposed rate changes, publish its notice of such changes, and file affidavits of publication with the Commission two weeks prior to the effective date of the changes. However, the public notice requirement is waived, and therefore not required, for reductions below the maximum cap in instances which do not affect the general body of subscribers or do not constitute a general rate reduction. In Re: Application of GTE Sprint Communications, etc., Order No. 93-638, issued in Docket No. 84-10-C (July 16, 1993). Any proposed increase in the maximum rate level reflected in the tariff which would be applicable to the general body of the Company's subscribers shall constitute a general ratemaking proceeding and will be treated in accordance

with the notice and hearing provisions of S.C. Code Ann. §58-9-540 (Supp. 1996).

4. Zenex shall file its revised maximum tariff and an accompanying price list within thirty (30) days from the date of receipt of this Order. The revised tariff shall be consistent with the findings of this Order and shall be consistent with the Commission's Rules and Regulations.

5. Zenex is subject to access charges pursuant to Commission Order No. 86-584, in which the Commission determined that for access purposes resellers should be treated similarly to facilities-based interexchange carriers.

6. With regard to the Company's resale of service, an end-user should be able to access another interexchange carrier or operator service provider if the end-user so desires.

7. Zenex shall resell the services of only those interexchange carriers or LECs authorized to do business in South Carolina by this Commission. If Zenex changes underlying carriers, it shall notify the Commission in writing.

8. With regard to the origination and termination of toll calls within the same LATA, Zenex shall comply with the terms of Order No. 93-462, Order Approving Stipulation and Agreement, in Docket Nos. 92-182-C, 92-183-C, and 92-200-C (June 3, 1993).

9. Zenex shall file surveillance reports on a calendar or fiscal year basis with the Commission as required by Order No. 88-178 in Docket No. 87-483-C. The proper form for these reports is indicated on Attachment A.

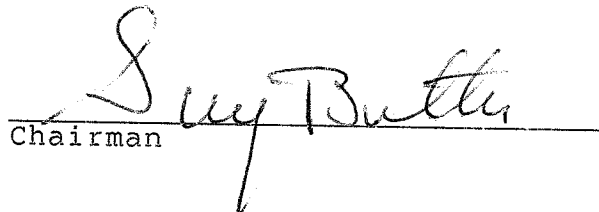

10. The Company shall, in compliance with Commission regulations, designate and maintain an authorized utility representative who is prepared to discuss, on a regulatory level, customer relations (complaint) matters, engineering operations, tests and repairs. In addition, the Company shall provide to the Commission in writing the name of the authorized representative to be contacted in connection with general management duties as well as emergencies which occur during non-office hours. Zenex shall file the names, addresses and telephone numbers of these representatives with the Commission within thirty (30) days of receipt of this Order. Further, the Company shall promptly notify the Commission in writing if the representatives are replaced, and the Company is directed to comply with the Commission regulations unless waived by the Commission.

11. As a condition of offering debit card services, the Commission requires the Company to post with the Commission a bond in the form of a Certificate of Deposit worth \$5,000 drawn in the name of the Public Service Commission of South Carolina or a surety bond in the amount of \$5,000 which is payable to the Commission. The Certificate of Deposit shall be drawn on federal or state chartered banks or savings and loan associations which maintain an office in this state and whose accounts are insured by either the FDIC or the Federal Savings and Loan Insurance Corporation. A surety bond shall be issued by a duly licensed bonding or insurance company authorized to do business in South Carolina. This condition may be reviewed in one year.

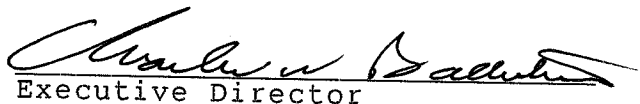

12. If the Company sells its debit cards to retail establishments for resale of the debit cards, and the retailer of the debit cards deviates from the suggested retail price as filed in the tariff, or as approved by the Commission in a special promotion, then the Company will withdraw its cards from that retail outlet. This Commission strongly suggests that the Company enter into written agreements with its South Carolina retail outlets regarding this policy of abiding by suggested retail pricing prior to the outlet marketing the card.

13. This Order shall remain in full force and effect until further Order of the Commission.
